1. SITE SURVEY

Dulux Trade Specifier Consultants carry out a full site inspection. This includes assessment of the current condition of surface coatings, identification of difficult substrates and advice on extending maintenance cycles.

2. SPECIFICATION

Dulux Trade offers full specification support tailored to your individual requirements. This will ensure that the correct preparation and products specified are the most appropriate for the location, environment and substrate type.

3. COLOUR SUPPORT (*OPTIONAL)

All the colours in our Dulux Trade fandeck are also available in larger colour swatches. Once colours have been selected, Dulux will assist with colour samples at their own discretion.

4. DOCUMENT SUBMISSION

The following documentation to be received minimum 2 weeks prior to site establishment:
 QA REQUEST FORM: Awarded contractor to fill in project information on QA request form.
 DULUX TRADE GUARANTEE OFFER: Is a signed agreement between the purchaser and Dulux.

***Note this is not the guarantee!**

5. SITE ESTABLISHMENT

Dulux Trade Specifier Consultants attend pre-contract, project review and post contract assessment meetings to ensure collaboration and clear communication from concept to completion.

6. REFERENCE AREAS

Site inspections will be limited to the agreed reference areas which will serve as a point of reference to the overall paint system performance.

7. QUALITY INSPECTIONS

During the course of the project, site visits will be conducted to facilitate preparation and application in accordance with the specification. There will be written feedback to the relevant stakeholder during the project.

8. FINAL SITE INSPECTION

Final sign off, to confirm compliance to the specification and reference areas.

9. GUARANTEE PACK INCLUDES:

- Certificate of Dulux Trade Full Spectrum Guarantee
- Signed Dulux Trade Guarantee Offer
- Copy of specification
- Site Inspection Reports
- Colour schedule, if applicable
- Maintenance schedule, if applicable.
